

Dear Prospective Patient,

Welcome to our practice! My team and I look forward to meeting you at your first comprehensive examination.

Apex Dental Group provides comprehensive general dentistry to the entire family. We believe that the best dentistry creates a partnership between the dentist and the patient. Our team members strive to create a warm family atmosphere for all patients. We believe that joint decision making leads to the best patient-dentist relationship. We focus on prevention and education of our patients. We strive to help our patients understand their role in their care.

Our first visit is thorough and will take about 1 ½ hours. Please make the appropriate arrangements to your schedule so we can provide you with a thorough exam. When you arrive for your reserved appointment, you will have plenty of time to complete your medical and dental histories and other forms that we need for your care.

You deserve the best our office has to offer and we believe a comprehensive dental examination is imperative for good oral health. For adults and children, the initial examination includes the following procedures:

- Evaluation of medical/dental problems that may affect treatment
- Examination of the oral cavity, gums and teeth
- Oral cancer screening
- Evaluation of digital x-rays. In order to save you time and money, please bring current x-rays from your previous dentist. If you have questions, please contact Mary: marfit@apexdentalgroup.com
- Creation of a customized treatment plan based on your needs.
- Discussion of your dental concerns, treatment options, scheduling and financial requirements.

We will gladly file your insurance for you; however we are not an in-network provider with any insurance carrier. Our fees are close to most plans but may be slightly different than your insurance provider's.

If you have any further questions, please feel free to contact us at 919-362-1341. Again, we look forward to meeting you and helping you achieve your dental goals!

Sincerely,

John S Kitzmiller, III DDS

Your wait is over

**Get the smile you have
always wanted**

Apex Dental Group provides comprehensive general and cosmetic dental services to adults and children in a relaxing atmosphere. Our practice is family-oriented and child-friendly, ensuring that every experience is a positive one.

You will notice the difference from other offices when you walk in our door. We believe that the best dentistry occurs when there is trust and communication between the dentist and patient. Our friendly team can answer any questions concerning your dental care, appointments and financial obligations.

We combine a professional, caring approach with the latest in dental technologies and education. Our chair-side computer monitors help us educate you during your procedure so you can make informed decisions about your dental health.

Your First Comprehensive Visit

In order to provide our patients with the highest quality dental care, your first visit will be with Dr. Kitzmiller or Dr. Marquez who will coordinate your care. You deserve the best our office has to offer and we believe a comprehensive dental exam is imperative for good oral health. Follow-up dental hygiene appointments will be scheduled for you after your initial visit. Adults and children may receive the following procedures:

- Medical and dental history evaluation
- Comprehensive dental examination
- Blood pressure evaluation
- Digital bitewing X-rays (reduces radiation)
- Digital Panorex, panoramic X-ray
- "DIAGNOdent" laser readings of your teeth
- Intraoral photographs
- Oral cancer screening
- Periodontal Probing
- Review of financial and office policies
- Comprehensive treatment plan
- Discussion of treatment options

**Your Partner
in Dental Health
for Life**

"If you want to go to a place that has an excellent staff, well mannered, efficient, patient, yet thorough, then Dr. Kitzmiller is the place to go."

— Elana Scheiner, Family Patients since 2002

Appointment Policies

Your appointment time has been especially reserved for you! The dentist, assistant and front team have set aside 1 and 1/2 hours with you. If you must change your appointment, we require a 3 business day notice. A fee may be charged to your account otherwise.

Financial Obligations

Every effort is made to give patients a clear understanding of fees prior to treatment. We are not providers for any insurance company, but we will help file your insurance for you. Please review your insurance coverage because you are responsible for all fees not covered by insurance.
